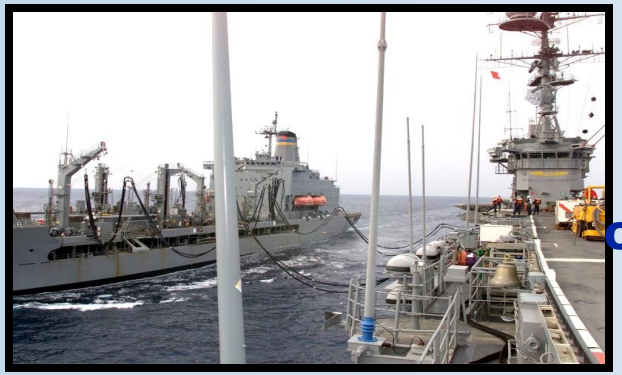
JPO Mission



The Joint Petroleum Office plans, coordinates and oversees the synchronization of bulk petroleum and water support for USEUCOM in order to ensure the uninterrupted supply of bulk petroleum and water to operations in the USEUCOM AOR.

Joint Petroleum Office (JPO) Responsibilities

- Plan and coordinate the receipt, storage, and distribution of petroleum products in theater in coordination with the Defense Logistics Agency (DLA), Defense Energy Support Center - Europe (DESC-E) and the supported Commander.

- Coordinate and prioritize petroleum Military Construction (MILCON) projects and monitor Maintenance, Repair and Environmental (MR&E), Minor Construction (MC) and Environmental Compliance (EC) projects.

- Plan, negotiate and coordinate international bulk petroleum logistics in conjunction with DESC-E and the nations, forces and agencies in the AOR.

Joint Petroleum Office (JPO) Responsibilities

- **Provide, coordinate and monitor the execution of theater bulk petroleum and water policy.**
- **Plan and coordinate the production, receipt, storage, and distribution of bulk water in theater in coordination with component commands, supporting nations, and the supported Commander(s).**

JPO Functions

- POLCAP
- REPOL
- Petroleum War Reserves
  - IMP
- NATO Committees
- MILCON
- NIZ Sustainment
- EERISC
- Exercises
- Africa Fuels Initiative
- Bulk Water
- Plans Review
- Regulations Review
- EUCOM Transformation
- Reach Back from EPOC
- Staff Assistance/Coordination Visits
- POL related MOAs/MOUs
